The Dragon's Den at Dragon Distillery is our craft cocktail experience. We offer craft cocktails, along with lite fare, board games and Axe throwing in a medieval-themed environment.

We are not a bar, but rather a distillery who serves unique craft cocktails using only the alcohol we produce in house. We do not sell beer or wine.

We encourage you to grab a game from our game library and enjoy yourself. We do ask that you respect others, and return the games in the same condition (please return them to their box with all the pieces).

We happily accept donations of games to expand our game library. For each suitable game donated, you will receive a voucher for an appetizer or cocktail.

The Dragon's Den is available for private parties, corporate events, team building, and celebrations.

Our kitchen closes 60 minutes prior to the closing of the Dragons Den each night.

Last call for cocktails is 15 minutes prior to closing.

For parties of 8 or more, an 18% gratuity will be added to tabs.

If you leave without closing your tab, we will charge your card for your outstanding tab, including an 18% gratuity.

We are a 21 and older facility. No one under 21 is permitted  
(No children or infants)
